1. Oil factories and brick kilns are located in the vicinity of Popovo (N 43-21, E 26-14) as follows:

2. Each of the oil factories employs 40 or 50 workers in three shifts during the olive harvest season and in one shift during the remainder of the year. The plants produce oil from sunflowers and other seeds. The factory identified as No. 1 on the sketch above produces 20 to 25 tons per day and the other oil factory produces 30 tons per day. The total production is loaded on railroad tank cars and sent to destinations unknown.
